RE: GACIT Hearings and State Ten Year Plan (2003-2012)

The public hearings of the Governors Advisory Council on Intermodal Transportation to take input on the Draft 2003-2012 Ten Year Transportation Improvement Program have been scheduled, and there are two in the Salem-Plaistow-Windham region. The first will be in Salem on October 23rd at the Salem High School, and the second will be in Plaistow on October 24th, at the library. Both meetings will be at 7:00 PM and the public is encouraged to attend and speak on behalf of (or against) projects. After hearings and deliberation, GACIT submits the Ten Year Plan to the Governor, who then submits it to the Legislature. Once approved by the Legislature the document comes back to the MPO for final approval next summer.

Included with this memo is a summary listing of the Draft 2003-2012 Ten Year Transportation Improvement Program that includes only those projects occurring within the MPO boundaries. The TAC should discuss the projects on this list and consider adopting a position on any or all of the projects included or omitted in the Ten Year Plan.
