Historic Resources Map
Portsmouth

Date: Fall 2015

This project was funded in part through grants from the NH Office of Energy & Planning and through the RPC’s MAPF grant.

NH Historic Highway Markers

The NH Division of Historical Resources has conducted surveys of all historic routes in New Hampshire, identified and marked numerous historical resources, and is responsible for maintaining these markers. This data was converted into a spreadsheet and subsequently converted into GIS format. This data is current as of June 2014.

NH Register of Historic Places

The NH Division of Historical Resources has conducted surveys of all historic routes in New Hampshire, identified and marked numerous historical resources, and is responsible for maintaining these markers. This data was converted into a spreadsheet and subsequently converted into GIS format. This data is current as of June 2014.

National Register of Historic Places

The NH Division of Historical Resources has conducted surveys of all historic routes in New Hampshire, identified and marked numerous historical resources, and is responsible for maintaining these markers. This data was converted into a spreadsheet and subsequently converted into GIS format. This data is current as of June 2014.

Established Historic Commissions by Town

The RPC has established Historic Commissions by Town. The RPC has created a GIS dataset from the point data. This data is current as of June 2014.

Data Sources:

- NH Division of Historical Resources
- USGS 1:24,000 scale topographic and hydrographic data
- 1:20,000 scale topographic and hydrographic data
- NH Office of Energy & Planning
- Local input by the RPC

Although these data have been processed successfully as a computer system at the Rockingham Planning Commission, no warranty or implied warranty regarding the accuracy or validity of the data is or may be given. The user assumes full responsibility for the proper use of this data. The Rockingham Planning Commission shall not be held liable for improper or incorrect use of the data described and/or warranted. It is also strongly recommended that careful attention be paid to the contents of the metadata that accompany this dataset.

The Rockingham Planning Commission does not guarantee that these data are currently in use by local communities or any other governmental bodies. These data are maintained by the NH Division of Historical Resources and the NH Office of Energy & Planning. These data are not intended for any uses other than informational purposes.

GPO - Local Resource Preservation Priorities

This map highlights some of the resources that have been identified as being important to the community, including the sense of place and cultural and historic resources. Collection of this information was supported by the NH Office of Energy & Planning and the NH Division of Historical Resources. These resources are included on the NH Register of Historic Places and are maintained by the NH Division of Historical Resources. These resources have been identified by RPC as point locations on a 1:24,000 scale base map. Each location has been labeled with a unique identifier.
