This map was funded with grants from the NH Office of Energy & Planning and through the RPC’s UPWP grant.

The data used to create this map consists of a regional elevation contour data set derived from the Central New Hampshire Water Management Region’s 2-foot contours developed for visual use and comparison with other GIS data sets. Although these data have been processed successfully for computer use by the Rockingham Planning Commission, no warranty expressed or implied as to accuracy, or reliability of the data or any derived products or services based on the data is made. No liability of any kind is assumed by the Rockingham Planning Commission or any of its agents or contractors for any errors, omissions or discrepancies in the data or for any damages incurred as a result of such errors, omissions or discrepancies.

The Rockingham Planning Commission shall not be held liable for improper or incorrect use of the data described and/or contained herein.

RPC extends every effort to ensure map data is current and complete, however, errors do happen.

These 2-foot contours were developed for visual use and comparison with other GIS data sets.
